ACLS REVIEW MADE INCREDIBLY EASY! (INCREDIBLY EASY! SERIES®) BY SPRINGHOUSE PDF

ACLS Review Made Incredibly Easy! is an excellent quick-review study guide for the American Heart Association's Advanced Cardiac Life Support training course and examination. The book provides detailed and thoroughly illustrated information on all the fundamentals of ACLS, including airway management, arrhythmia recognition and treatment, cardiovascular pharmacology, defibrillation procedures, I.V. techniques, special resuscitation situations, and more. In addition, real-life case scenarios are included in a Megacode review.

The book is written in an easy-to-use bulleted format with illustrations, algorithms, and graphics to clarify ACLS guidelines. Quick quizzes and a comprehensive test will help students assess their knowledge.

EXCELLENT REVIEW IN ACLS TO SAVE LIVES

By The Outside Child

It is funny how some people act insulted because the "Incredibly Easy" series books have "cartoons" in them; but, I think this is a wonderful book that explains things very very well. Getting a thorough grasp of learning critical concepts is very important when you are dealing with human lives! Who cares about the cartoons, besides the cartoons have "get to the point" information reminders. Every time I opened and studied from this book, I feel like a hero because I learn something every time. This book is hard for me to close because I find it so interesting, and fascinating to learn this stuff. I would highly recommend this book to anyone taking ACLS for the first time, or to review.

Out of date

By Anne16

This book while very good is out of date with the newly released AHA 2016 standards. You can not go by

the information in it as many things have changed in the new guidelines. Wish I would have checked the date before buying.
