Once burned...

Finding my fiancée naked on my couch might've been a good thing, if her ex-boyfriend hadn't been with her. For the past eight years I've been a witness to the power of true love, but after getting burned I'd decided there wasn't any hope for me finding it for myself. Until I met Noelle Brandt in a hotel bar. Maybe it wasn't the most romantic meeting, but the moment I met her I knew I had to have her. The more I learn about her, the more I know I'll do whatever it takes to keep her.

Twice shy...

I'd already found the love of my life, but I'd lost that love forever. And I'd been lost ever since. But one night a wounded man makes all of that go away. He makes me laugh, live, and feel alive. When he tells me he has no intention of letting me go, I finally begin to believe in the power of true love again. That is, until I find out who he really is...and by then, it's far too late to correct the mistakes we've already made. By the time we both know the truth, the lines have already been blurred beyond recognition.

Emotionally Stunning Reading!

By Talking Books

Blurred Lines by Jen McLaughlin had what was probably the best two chapter introductions from any book that this reader has read. The fifth title in the Out Of Line Series, this book can be read as a stand alone title. Blurred Lines has the most sizzling smexy scenes - By. Far. And the sweetest, smexiest, devilish characters you could ever want to read about!

You could be forgiven for getting absolutely and totally absorbed in this book from the first page. This reader sympathises. ;) Right from the beginning chapter the drama, tension and shenanigans of Riley's chaotic introduction were just laugh out loud, heartbreakingly brilliantly written. Add to the mix Noelle and

their first meeting and succeeding interludes and dramas has Blurred Lines being just off the charts astounding reading!

Riley with his do the right thing, live a safe life, no questions asked and do what is expected by his family, even at the cost of his own happiness attitude.

Noelle Brandt living life after her parents mistakes. Fleeing Connecticut to make a new life. Enduring losing her husband, surviving and endeavouring to be a successful author.

Noelle comes to Riley's rescue and sparks just fly from the get go. Even intoxicated, Riley's manners are impeccable and his demeanour is absolutely hilarious.

Noelle's attentions to Riley were innocent and laid bare. Their encounters in the hotel room was just mind blowingly scorching, intense. There isn't a smexy scene around that comes close to those encounters - just beyond HOT!

Noelle and Emily's adventures the morning after in Riley's office were hilarious and have you laughing out loud so many times.

Their dalliances are sizzling, their attraction undeniable and genuine. Their portrayal as smart, sassy with attitude and vulnerable and real, grabs the reader with gusto. Additionally the secondary characters within the story were a stand out - Emily, Carrie, Finn and not forgetting Wallace. The drama that unfolds between family leaves readers stunned and the subsequent reactions are at times even comically portrayed. Engrossing isn't enough to say - more like mesmerising from the start and a finale that just melts the reader and will have you not wanting the story to finish. Jen McLaughlin just hit this one out of the park. Could not recommend Blurred Lines enough as a must read.

I'm talking Blurred Lines..I know you want it!!

By Lisa M.

Loved this terribly short read, only 190 pages! That's right I am complaining that I wanted this story to last longer! It was your typical recipe of 1 cup woman who lost love + 1 cup man who sworn off love = Instalove Romance Novel, however repetitive the recipe is if the baker sucks then so does the end product and this "baker" didn't suck. She actually did a great job.

The opening paragraph had me hooked and didn't let go. I was on an amazing rollercoaster that I didn't want to get off. Noelle and Riley met under the craziest of circumstances. Noelle and Riley's start was almost as perfect as their end but not as juicy as their middle. That's right folks the midway point of this story was when I was most excited! I sat straight up in bed at precisely 4:47a.m and gasped,"NO!" as I clutched my imaginary pearls. You know when you look down at the status bar on your Kindle and realize you're about to leave this perfect imaginary world and want 100 more pages to magically appear? Yeah that about sums it up. This book is actually part of a series. It is book 5 of the Out of Line series, which focuses on Carrie & Finn, Riley's best friends. I'm thinking I may just go back and start with book 1 just because I liked this one so much even though it can be read as a standalone. For a more on this book visit me at <http://www.textteaser.wordpress.com>

Great Read

By Amazon Customer

This book can be read as a stand alone, but with the other books in this series you will enjoy it more. I love

that Finn and Carrie have a part in this story.

Riley comes home to find his fiancée sleeping with her ex boyfriend, and calls off the engagement.

He goes to a hotel bar and gets drunk off his ass, and meets author Noelle. She invites him to stay in her room because the hotel is sold out due to the convention.

Riley thinks that he can never fall in love again, because he was once in love with Carrie. Noelle is a widow, and she is looking for her happily ever after.

This book was so good, that I would definitely recommend it to others.
