Good like the first from Catherine series

By Marina Kos

The main story about love is knowingly and richly enveloped in the important historical persons and historical events of that time. Only an ingenious historian such as Benzoni could come to the idea of linking main characters with no less than Joan of Arc. Magnificent!!!

I think this one is my favourite.

By Lily Lyons

The second book in the 'Catherine' series, a medieval romance in 14thC France. Although each book in the series is endearing, I think this one is my favourite.
