Old book

By Kindle Customer

I like the mythology.

however, I would rather the story to be complete. I am glad the original text is available for public reading.

great for learning about the myth

By bronny

I gave it four stars because I'm sure it took alot of effort to translate and put together the most perserved work they possibly can. there are two issues i have with the book ; minor misspellings but it doesn't completely ruin the flow while reading, and since the tablets the book is copied and translated from are old pieces of the story are story are missing but this doesn't keep you from understanding the story. all in all i gave it a good rating because i don't think i could expect a more more complete version but i knocked off a star because of spelling. I apologize for not capitalizing, I'm just lazy
