One person makes a difference

By R.

This book tells the story of one man who made a difference in his small town by being a scoutmaster for 40 years. It is superbly written in a sometimes retrospective angle which at times does make you wonder where you are. It has some enjoyable black and white drawings. One interesting thing is the dedication: To Murray McMurray. Murray McMurray is the one who started the McMurray Hatchery in Webster City, Iowa, a very famous place for poultry aficionados. McMurray was also a scout leader, most possibly MacKinlay Kantor's scoutleader.

For fans of the film starring Fred MacMurray, you will find definite differences between the movie and the book. Some things in the movie were only suggestions in the book, but the main theme of one person making a difference is still strong.

every tired scoutmaster should read this one

By old teacher

Every exhausted scoutmaster should read this just to say "Oh, yes. That's why I am doing this." It gives enough energy to get through that next "SPL."

Very good book. Clear why Disney decided to make a movie of it, also clear why they felt the need to alter it. More of a vignettes approach, which would perhaps not have worked well as a Disney movie, but made for an excellent and moving book. Scout leaders in particular are likely to enjoy this.
