How to Study/Read the Bible

By Theresa A. Konkel

I bought this laminated "cheat sheet" after having taken a course on Hermeneutics in a Bible college I am attending. Not only do I recommend this sheet, but I also recommend buying the text book itself, for while Hermeneutics (how to study/interpret the Bible) can seem like a daunting, scholarly subject, the authors make this an easy, self-teach read.

Excellent Help!

By Virginia Breckon

The study guide for Grasping God's Word has been a great help in my classes. Naturally is summarized the key points of each chapter. The best benefit is that when I am writing papers for my class, I can look at the study guide to find the chapter for the key point, which makes citing the text much easier!

I highly recommend the study guide not only for college students, but for anyone who really wants to study the Bible!

Quick references for understanding at your finger tips

By Jay Weemhoff

A natural addition to the Grasping God's Word materials. Allows the student to quickly apply information learned in the standard lessons. Can be used without the Book and study guide to help navigate and understand translation steps as you study scripture. A valuable tool to get that one step deeper in your studies.
