Germination & Growth of the Seed of Agape

Mysterious Seed is a compilation of more than 250 powerful daily devotional-size teachings designed to move you forward in your spiritual life. Rather than vague concepts and principles, well-known author Bob Mumford helps us to recognize, water and nourish the Seed that will grow within the serious believer.

The DNA of The Father s Seed will stand on its own to be

\* Received

\* Cultivated

\* Nurtured

Coming to maturity within us.

The Thoughts and Questions at the end of each chapter provoke deep and inspiring introspection designed to encourage a more meaningful relationship between you and God the Father. You will also enjoy helpful diagrams and charts throughout that add depth of understanding to important concepts.

Mysterious Seed is an informational introduction to the spiritual reality of the Kingdom of God. It has been written with serious intentionality to take the confused and hungry believer into the realm of living in the Kingdom.

Profound Reality Checks for Growing Spiritually

By Richard R. Blake

"Mysterious Seed" is a compilation of over 250 short transcendent teachings ideal for daily devotional reading. Each reading contains applications which will impact the spiritual, physical, and emotional life of the reader.

I appreciate the format of the book which encourages reflection and introspection aimed at helping the reader take the proactive steps necessary for dynamic Christian living drawing on the power and resources of God's

DNA within us. Bible teacher and best-selling author Bob Mumford uses the analogy of the seed to demonstrate the concept maturing in the Father's love.

Mumford draws on well selected Biblical passages, uses diagrams and charts, as well as his own observations, experiences, and conclusions to help the reader focus on Christ's teaching, his promises, scriptural concepts, and principles for building a relationship of intimacy with God.

At the end of each chapter are straight forward "Thoughts and Questions" used in the anticipation of provoking deep and inspiring introspection on the part of the reader and to encourage a more meaningful relationship with God the Father.

Mumford has a unique gift for getting right to the essence of a concept or life principle. Through simple stories and word pictures he sows seeds with the purpose of reaping a harvest as the seed is received, cultivated and nurtured. He writes to help the reader, expand the capacity to be loved and to expand their capacity to love God as he desires to be loved.

A complimentary copy of this book was provided for review purposes. The opinions expressed are my own.

A masterful "out of mind" Experience

By Pieter\_VN

About the style: Bob Mumford takes a really BIG discussion and then masterfully presents it in bite-sized readings that any individual, family or group can absorb without ever getting lost. He confronts, but like a father. He presents teaching, but like the council of a friend sitting in your living room. Every time I spend time with it, I have come away with my entire inside in a state of rejoicing.

About the content: I have studied about 70% of the book by now but have told more than a dozen people already about its impact on my life and the assurance that it will change their own. Within the first few readings it became obvious that this book is not an intellectual exercise in doctrine. Without giving away too much, I will say that the Mysterious Seed, if you take your time with it, will help you to receive more and give more of the utterly indescribable Love of God.

mysterious seed

By william

You will get a lot more of this book if you work through his other book Agape Road. It's an incredible journey of knowing God the Father. I've been on this journey with Bob since 1998, my life and family has been transformed to a level of agape love that i thought was never possible.
