Another Excellent Addition to the Desert Wolf Series

By Ree Dee

I received a free copy of this book in exchange for a honest review. I absolutely love this series which star Kyrst, a strong alpha, and his mate Zan, an omega unlike any other I have read about. Zan is strong, brave, kind, smartcard is skilled in hunting, and fighting.

Though they are expecting their first child, they have embarked on their journey to reach the Eastern forest in the hopes of being able to provide for a better life for their family. On their way they encounter a group of being who have forgotten how to shift. Their shaman, Kava, who foresaw their arrival is also an omega but needed their help in teaching him how to shift among other things.

I can't wait for the next installment and would recommend this series to everyone. 0 of 0 people found the following review helpful.

This is an interesting twist in the Desert Wolf series. You won't want to miss reading about this twist.

By Pat Bate

This was an interesting part of the story. Zan and Kyrst traveled a great distance toward the forest land and we're ready for a break. They were found and taken to a village were they met Kaga a seer and omega and his soon to be mate, Wivaya. Kaga was also an omega shifter. Although Kaga had only shifted once when he was young he soon got the hang of shifting. The village people were more accepting of the mating of Kaga and Wivaya because of Zan and Kyrst's visit. I recommend reading the third part of the collection to find out about the mating ceremony and weather or not Kyrst and Zan decide to travel on alone or settle in this peaceful village among friends. I received a free copy of this book for an honest review. 0 of 0 people found the following review helpful.

Wolves, shifters, and discovery!

By April

This is part 3, and not a stand alone story. In this installment Zan and Kyrst are making there way across the desert looking for the forest and a better life for there family. Zan is a constant source of emotional strength for Kyrst who has all the physical strength that an Alpha could ask for. They find another group of people who are different then they are.

When Zan finds out that they will give them help in there quest if Zan and Kyrst can show thsee new people a new way he is happy to share what knowledge he has. Kyrst learns from them as he shares his knowledge. This is a really touching addition to the series and a great read!

I was gifted this book in exchange for a honest review! See all 10 customer reviews...
