Better than the Anime

By Yadira

(Review by the 21 year-old brother of this account user)

Frankly, I don't know why they haven't decided to make an Anime based on the Manga! The story is considerably darker, the characters have more personality to them, they stay as close to the original Video Game story as possible, and it's far less repetitive than the Anime. I'm glad that I decided to collect the entire Manga series!
