PRINCIPIOS DE FINANZAS CON EXCEL (SPANISH EDITION) BY OXFORD PUBLISHING LIMITED, SIMON BENNINGA PDF

Aprender Finanzas con Excel sirve para dos propósitos: le enseña una importante materia académica y práctica (finanzas), y le enseña cómo implementar el análisis financiero utilizando la más importante herramienta (en la mayoría de los casos, la única) para análisis financiero (Excel). Su conocimiento de finanzas y de Excel se potenciará trabajando cuidadosamente con los ejemplos y ejercicios en cada capítulo. Finanzas es una disciplina muy práctica. La mayoría de los lectores de este libro estudiarán finanzas no solo para incrementar su comprensión del proceso de valuación, sino también con el fin de obtener respuestas a problemas prácticos. Usted descubrirá que la diversidad de cálculos requeridos en este libro no solo le posibilitará obtener respuestas numéricas a importantes problemas (lo que ya por sí mismo justificaría la orientación a Excel de este libro) sino también profundizará su entendimiento de los conceptos involucrados.
