Provo = Sleeper

By Alison Toon

Wonderful book... also appears to have been published under the title "Sleeper".

There's an IRA sleeper, somewhere, who has been tasked with assassinating a member of the British Royal family. Who, where, and when are unknowns... and so is the identity of the assassin.

Be careful, it could be the person working at the next desk, or the one who rented the apartment next door, or the friendly person you met the other week who was so interested in your work. Be careful...

Incredibly Accurate

By Valerie Kerr

I was born and bred in Belfast and this is the most accurate account of "the troubles" I have ever read. Locations were all correct, and the plot is an amazing piece of literature, all loose ends eventually come together. As soon as I finished reading, I went straight back to page 1 and read it again...

Excellent writing.
