Huge Disappointment

By Kindle Customer

Ok so this is supposedly the final book, but I don't see how when there are still quite a few loose ends. There was minimal drama in this book, really just a lot of back and forth between the couples. I can't understand Skylar at all. First she aborts her first child, then she runs away after she finds out about the second pregnancy after having been there for Harlem J. She was just so stubborn and confused. I really don't get the whole Aaron dating situation. Umm how you start a relationship with another man when your pregnant and in love with the babies father. Uhhhh she was just, all kinds of wrong. Now she is just stringing this man along knowing where her heart lies. Thats just trouble waiting to happen. Then there's this whole Chyna debacle. This girls just pops up as a jump off and suddenly she's Ava's long lost nut job of a daughter come on now. After stirring up all that drama with Devin and Harley she just happens to fade off. Thats just so unrealistic. This book was just everywhere. Cams baby mom is M.I.A. like come on be real this ratchet chick lived for the drama. To top it off there's the whole Mariyah situation with Alyssa popping up. I mean dang really who approved this book. There should've been a lot of back in forth before this book came out because its seriously lacking depth and it just doesn't live up to the potential of the series at all!!!!!!

Great Ending

By Kesha Carter

Now that's how you end a series. I have been riding with this series from day one and I tell you it has been a Beautiful journey. It's hard to say goodbye to the RBM family but I will sure be keeping up and waiting patiently for the spinoffs. I am happy that there was minimal amount of drama and for the most part everyone got their happily ever after. Just want to say Thank You Demettrea for giving us a BANGING SERIES.

Just okay

By Tisha Andrews

I am glad it's over. Somewhere along the way, the storyline lost its appeal. I also think that as a veteran author, I have not seen growth in her writing style. These one to two paragraph chapters are not indicative of a seasoned writer. Maybe she needs to change from 1st person to 3rd person to give this characters more layers and personality. It was like reading about a multitude of immature adults whose families had plenty of money resulting in their offspring lacking genuine talents or interests other than the drug game. I still don't know their likes, dislikes, hobbies etcetera because everything was centered around making up and breaking up while having babies. Also, the usage of "to" and "too" correctly was all never consistent. I recommend this author really reads my feedback, get a few test readers that are not pen mates or friends and build up her craft. She has vision and decent storylines, just marginal execution.
