From the Author

I love writing about Zack.

He's one of those characters that almost comes alive on the page and does things that are unexpected, changing the entire course of the story he's in.

I hope that everyone will feel the same way!

Thanks!

Zack Hartley is just a man.

He has a simple job, working in a candle store in a mostly empty mall, a roommate to help make the ends meet, and the ability to walk magical lines that take him places instantly.

He also has a split personality that thinks he might be a homosexual, and a few pesky demons hanging around far too much for his liking.

So when there's a sudden attack at a different mall, Zack is asked to help sort things out, which is where the fun really begins.

Because it seems that some people have taken it into their heads to think that he, the humble candle man, is a demon too. In fact, some of them are banking on it.

That means no end of trouble, if he can't get it sorted out fast.

Possibly even a war.

No one sane wants that. Even Zack doesn't, and he hasn't claimed to be in his right mind in a long, long time.

And it gets even better

By Amazon Customer

As the titles says...it gets even better. Like many of Dale's readers, I have purchased all his books. The young ancients series put me on the hook, and I haven't regretted it since. There are only a handful of authors who's books I will buy without even reading the synopsis - this is one. If you read the first book, or follow the Keeley universe, you know what to expect with this book. That being said, the author does a nice job of moving the story along and even throwing in a few unexpected twists.

You see Zack continue to mature and placed into some unexpected situations. Lines are being drawn and sides are starting to develop. To be honest, this is now my favorite series. It reminds me a little of the first few books of the young ancient series. Nothing too serious, but starts building the suspense/questions as the series moves along. Definitely a must read for fans of this author.

More Zach & Keeley

By Dave Phipps

This is the second installment of the Other Places series, which is told in the Keeley Thomson (Mistress of Souls) universe. And it is GREAT fun!

Zach is learning more and more about his past and what the future holds for him. He's got a number of surprises in store and it has, and will, impact his relationship with his friends and co-workers. It's an extremely fun read and moves the story along very well.

I really loved this character from the beginning and he just keeps getting better. I like his interactions with Keeley and the other Greater Demons, plus he gets to work with a bunch of different kinds of "people" which is always interesting.

If you haven't read the previous Keeley and Other Places book(s), then you should definitely do so. This is a great addition to the series and you'll absolutely love it.

If you like any other P.S. Power book, you'll love this series as well. I highly recommend it.

Zack is back!

By mark

In a great follow up to last year's Shortcuts Zack returns for more shopping mall hijinks.

If you just read Shortcuts and are wondering what happened to the Christmas party, it takes place in Demon Trap. In fact Other Places and Keeley Thomson become even more entwined in this book. Like with the author's other series, Young Ancients, he doesn't even try to keep the different point of view story lines separate. It's best to just read everything in publication order. But, don't let that scare you off. The story is awesome! And well worth it!
