SCARY SUMMER (GOOSEBUMPS GRAPHIX, NO. 3) BY R. L. STINE PDF

Wish that summer would never end?

Not THIS Scary Summer!

The third GB Graphix collection features acclaimed artists Dean Haspiel, Kyle Baker, and Ted Naifeh.

Three hot, talented comic artists adapt these bestselling Goosebumps books into a cool new graphic format. Someone's creeping through the garden, doing nasty things! Dean Haspiel, a veteran of Batman and Justice League comics, knows just how to portray "The Revenge of the Lawn Gnomes."

In his comic series like The Bakers and Plastic Man, Kyle Baker proves he's one funny artist, the perfect guy to draw a story about fun and games at camp--until "The Horror at Camp Jellyjam" is uncovered.

I'd Only Recommend It To True Fans

By Dr. Alfengheist

I've been a huge fan of the Goosebumps books ever since I was younger (I'm 19 now, and although I rarely read them anymore, nothing is more nostalgic for me than digging through my box of Goosebumps books and flipping through them).

Having said that, I must say that the Goosebumps Graphix can probably only be appreciated by fans like myself. Anyone picking up these books without being able to appreciate them as Goosebumps adaptations would most likely find them cheesy, short, and messy.

I've only read #3 (Scary Summer), and here is my review:

"Revenge of the Lawn Gnomes" was well-done graphically, although the first several pages seemed too rushed and it only started showing a real plot about halfway through.

"Ghost Beach" was by far the best of the three, combining very dark and appropriate artistry with a decent adaptation of the original material, although the plot twist at the end wasn't as well-adapted as it could have been.

"The Horror of Camp Jellyjam", one of the more quirky books of the original series, was my least favorite here. The drawing style seemed to be ripped right out of a newspaper comic strip, and the artist just didn't seem to put too much thought into properly adapting the plot and fleshing out the frames (many of the backgrounds were left blank, other than the occasional tree or stick figure).

It was nice to see short biographies of the three authors at the end of the book, showcasing their past works and adaptation methods.

Overall, I think the Goosebumps Graphix series is a well-thought-out idea, and I really enjoyed seeing the different writing and art styles depicted in each story. I hope to see more books like this in the future.

Great books for non readers

By S.K.

My son does not like to read, however, the graphix novels really grab his attention and keep it, probably because it is more like a comic book. He can't put them down and that makes me very happy!

My daughter loved it

By JadedandSweet

I purchased three of the Goosebumps Graphix books for my seven year old. She's really gotten into some of the other graphic type books like Baby Mouse, Smile/Sisters, etc., so I thought with that combined with her interest in anything spooky she may enjoy these. She read all three in one day and even read one twice. She said that they were scary but they didn't seem to give her nightmares or be over the top. Great books for those who are still a little young for the traditional Goosebumps books.
