Five Stars

By Peter Dickson

very good

13 of 13 people found the following review helpful.

very informative

By V. Clark

I am impressed with the book. I started having acupuncture recently and wanted to know more about how it works. I am pleased with the information I got. Obviously it will not teach you how to do acupuncture on your own, but it is nice to know what is going on and why the chinese dr is doing something.

11 of 11 people found the following review helpful.

Truly User-Friendly!

By Indian Maid

Dr. Chang's original version of this book was one of my texts when I first began to study acupuncture. It never failed to guide me easily & give me confidence. I had no idea how he could have improved on it, but this book is also excellent. If I could have no other book on acupuncture, this would be the one for me.
