another hit by Z.Stefani!!

By Jenn Green

This is the third book I have read from this author & I have loved them all!! (Insufferable Proximity is STILL my favorite) By now I have come to expect certain things in her books. The Heros are hott, sexy, jealous, possessive yet sweet uber-alpha males. The heroines are feisty hellcat ball-busters who know when to bend ;) awesome secondary characters, oh & her characters names are the freakin BEST!! Intriguing plot with lots of twists, suspense & drama. Hellacious villains. And best of all, steamy Smokin Hott sheet action...and Desks...and Chairs...and various other creative locations \*\*drooling...lots & lots of drooling, panting, blushing & giggles\*\* I LOVE IT!!!

'Love was for the suicidal, the gluttons for punishment, the foolish, and the unlucky!

"F\*\*\* love, and f\*\*\* luck" she spat. Love was an exaggerated infection of the heart, and Luck was dead!

Knox Stone is the ultra-famous movie star sick of living in the limelight & ready for a break. So he dons a disguise & disappears.

Scarlett Sweet has just lost everything in a fire & is now forced to rebuild her life from scratch when she meets Knox, who almost runs her over with his car! Only Scarlett doesn't know he's the famous movie star on the run. She only knows him as Jake, the one & only man she has ever fallen in love with. Knox never realized what his life was missing til he fell for Scarlett. Nobody has ever wanted or needed him just for him & not for his fame or money before. He's afraid of what will happen when he tells her of his true identity & she realizes he's been lying to her all along, no matter the reasons behind it. But you can only hide from the truth for so long & when everything comes to light it's so much worse than Knox feared & both their lives are changed forever. When Knox's life catches up to them a series of explosive events really put these two to the test. How many hits can a relationship take before it crumbles? You will have to read it to find out. But trust me when I say you want to!!

I loved it!!!

By readerlover

I loved loved loved this book. It was well written. I was hooked from the first page. I am in love with this writer. She has a way of writing that captivates you. However, there are a few little grammar. But when the story is great. Who cares. I have read all her books Love vs. Payne and Insufferable Proximity. Which are equally great. They all have the right amount sex, romance, suspense, drama, and lets not forget the Alpha Male. Please please Z. Stefani, I need another dose of you writing. I hope you have another book out very soon.

Not So Predictable

By Debbie Herman

Enjoyed this book for many reasons, but one was that it wasn't as predictable as a lot of suspense/romance novels are. The characters were well developed and I liked the ones I was meant to like and hated the ones I was meant to hate. Great read after a hard day at work.
