No fuss ingredients, great taste, texture and flavor!

By Mara

Alright, at first I borrowed this book from the library and I never wanted to give it back. Unfortunately, I had to so I purchased my own. I love how the book is categorized into sections like kid smoothies, ailments, cleansing, protein, green, desserts, and appetizers. The ingredients usually range from 3-6. Flax seed and coconut shavings could be optional depending on how you like it. This book is loaded with pictures so you can almost be sure what it would look like because we all eat with our eyes first right? It's so colorful and easy to look at and browse, you'll almost always find a recipe where you probably have the ingredients already

Beautiful book!

By Cindy Caldwell

This book is so beautifully presented and provides every healthy smoothie and juice recipe you could ever want. I highly recommend it, as it's likely to be the last smoothie book you'll ever need. If there's one negative, it's that there is too much. But that's a good problem. Just pick one and start making your favorite smoothie.
