## Amazon.com Review

In *The Bad Beginning*, things, well, begin badly for the three Baudelaire orphans. And sadly, events only worsen in *The Reptile Room*. In the third in Lemony Snicket's *Series of Unfortunate Events*, there is still no hope on the horizon for these poor children. Their adventures are exciting and memorable, but, as the author points out, "exciting and memorable like being chased by a werewolf through a field of thorny bushes at midnight with nobody around to help you."

This story begins when the orphans are being escorted by the well-meaning Mr. Poe to yet another distant relative who has agreed to take them in since their parents were killed in a horrible fire. Aunt Josephine, their new guardian, is their second cousin's sister-in-law, and she is afraid of everything. Her house (perched precariously on a cliff above Lake Lachrymose) is freezing because she is afraid of the radiator exploding, she eats cold cucumber soup because she's afraid of the stove, and she doesn't answer the telephone due to potential electrocution dangers. Her greatest joy in life is grammar, however, and when it comes to the proper use of the English language, she is fearless.

But just when she should be the most fearful--when Count Olaf creeps his way back to find the Baudelaire orphans and steal their fortune--she somehow lets her guard down. Once again, it is up to Violet, Klaus, and Sunny to get themselves out of danger. Will they succeed? We haven't the stomach to tell you. (Ages 9 to 12)

Author Lemony Snicket (aka Daniel Handler) reads volumes three and four of his *Series of Unfortunate Events* saga. A snappy, techno tune by a group called the Gothic Archies serves as toe-tapping introduction to Handler's chipper performance of his humorously melodramatic tales. The first two audiobooks in the series, performed by British actor Tim Curry, were released by Listening Library in March.

Grade 5-7-This is "Book the Third" in a series about the wealthy and clever but unfortunate Baudelaire children who were orphaned in a tragic fire. Pursued by the evil Count Olaf, who murdered their parents and their last caregiver, 14-year-old Violet, 12-year-old Klaus, and baby Sunny are sent to elderly Aunt Josephine, a strange, fearful widow and grammarian. She lives in a house built on precarious stilts on the side of a hill overlooking Lake Lachrymose, inhabited by killer leeches. Of course, Count Olaf tracks them down and, disguised as a sailboat captain, fools Aunt Josephine-at least for a while. Olaf is ultimately exposed but not before he pushes Aunt Josephine into the leech-infested waters. So, the Baudelaires must find a new caregiver, who will be revealed to readers in "Book the Fourth." The writing is tongue-in-cheek John Bellairs, E. Nesbit, or Edward Eager with a little Norton Juster thrown in. The style is similar to the many books with old houses and rocky shores in Maine or Great Britain including the Edward Goreyesque illustrations. Unfortunately, the book misses the mark. The narrator is humorous but intrusive, explaining words and providing many obvious clues that surface later. Aunt Josephine's constant correction of vocabulary and grammar, while at first humorous, becomes annoying. The book is really not bad; it just tries too hard and there are so many similar books that are much better.

Dear Listener,

I am sorry to say that the lives of the Baudelaire orphans, Violet, Klaus and Sunny, are filled with bad luck and misery. All of the stories about these three children are unhappy and wretched, and the one you are holding may be the worst of them all.

If you haven't got the stomach for a story that includes a hurricane, hungry leeches, cold cucumber soup and a doll named Pretty Penny, then this audio will probably fill you with despair.

I also shouldn't mention the interactive features of the CD, which include:

- A perplexing word game
- Photos from The Lemony Snicket Archives
- Art from The Brett Helquist gallery

I will continue to record these tragic tales for that is what I do. You should decide for yourself if you can possibly endure this miserable story.

With all due respect,

Lemony Snicket

English 341 Review

By Christina L. Schauffel

The Wide Window by Lemony Snicket was a wonderful novel. The vocabulary that the author uses can be uncommon, which allows for deeper thinking by students. Many students are familiar with the way in which an author writes a story. This author is able to change things up and require the reader to think more critically. Throughout the book the author uses exemplary imagery in order to portray his views. Snicket focuses on creating an image for the reader. This is useful for students that are mastering the metacognitive skill of image making. The reader is also given the opportunity to use the questioner meta cognitive skill

throughout the novel. Snicket provides several thought provoking questions in his writing which helps students begin this process. As a future teacher this series is a useful resource to use. The many features that promote metacognitive learning techniques are what make this novel great.
